MANAGEMENT INFORMATION CIRCULAR**GENERAL VOTING INFORMATION**

Persons or Companies Making Solicitation

This management information circular (“**Information Circular**”) is furnished in connection with the solicitation of proxies by the management (“**Management**”) of UEX Corporation (the “**Corporation**” or “**UEX**”) for use, and to be voted at, the annual general and special meeting of shareholders of the Corporation (the “**Meeting**”) to be held on Friday, June 6, 2014 at **9:00 a.m., Vancouver time, in the Sheraton Vancouver Wall Centre Hotel, Beluga Room, 1088 Burrard Street, Vancouver, British Columbia**, for the purposes set forth in the accompanying Notice of Meeting.

It is expected that the solicitation of proxies will be primarily by mail and may be supplemented by telephone, telegraph or other personal contact made, without special compensation, by the directors and officers of the Corporation. The Corporation may reimburse shareholders, nominees or agents for the cost incurred in obtaining from their principals proper authorization to execute proxies. The Corporation may also reimburse brokers and other persons holding shares in their own name or in the names of their nominees for their expenses in sending proxies and proxy material to the beneficial owners, and obtaining their proxies, but solicitations will not be made by employees engaged for that purpose or by soliciting agents. The cost of solicitation will be borne by the Corporation.

Appointment and Revocation of Proxies

The persons named in the accompanying form of proxy are directors and/or officers of the Corporation and are nominees of Management.

A shareholder of the corporation has the right to appoint a person, other than the person designated in the accompanying form of proxy (who need not be a shareholder of the corporation, or otherwise entitled to attend and vote at the meeting) to attend and act for the shareholder and on the shareholder’s behalf at the meeting. A shareholder desiring to appoint some other person may do so either by striking out the printed names and inserting the desired person’s name and address in the blank space provided for that purpose in the accompanying form of proxy or by completing another proper form of proxy.

Each completed form of proxy to be used and voted at the Meeting must be delivered to the transfer agent of the Corporation, Computershare Investor Services Inc., at 9th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1, not less than forty-eight (48) hours (excluding Saturdays, Sundays and holidays) before the time for holding the Meeting or any adjournment(s) thereof, or as otherwise permitted in the accompanying form of proxy, failing which it will not be treated as being valid or effective.

Section 148(4) of the *Canada Business Corporations Act* provides that a shareholder giving a proxy has the power to revoke it at any time to the extent that it has not been exercised. In addition to revocation in any other manner permitted by law, a shareholder giving a proxy has the power to revoke it by depositing an instrument in writing executed by the shareholder or by his or her attorney authorized in writing or, where the shareholder is a corporation, by a duly authorized officer, or attorney, of the corporation and delivered either to the registered office of the Corporation at any time up to and including the last business day preceding the day of Meeting, or any adjournment(s) thereof, at which the proxy is to be used, or to the Chairman of the Meeting on the day of the Meeting or any adjournment(s) thereof at which the proxy is to be used.

Validity of Instrument of Proxy

A proxy or an instrument appointing a duly authorized representative of a corporation shall be in writing, under the hand of the appointor or his or her attorney duly authorized in writing, or, if such appointor is a corporation, either under its seal or under the hand of an officer or attorney duly authorized for that purpose.

Voting of Shares Represented by the Instrument of Proxy and Discretionary Powers

At the time of printing this Information Circular, Management knows of no amendments, variations or other matters which may be presented for action at the Meeting other than the matters referred to in the accompanying Notice of Meeting.

The shares represented by the accompanying form of proxy will be voted or withheld from voting in accordance with the instructions of the shareholder on any ballot that may be called for, and if the shareholder specifies a choice with respect to any matter to be acted upon, the shares will be voted accordingly on such ballot.

The accompanying form of proxy when duly completed and delivered and not revoked confers discretionary authority upon the persons named therein with respect to matters where no choice is specified. Where such a proxy specifies as proxyholder a nominee of management, the shares will be voted as if the shareholder had specified an affirmative vote.

Non-registered Holders

Only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Most shareholders of the Corporation are “non-registered” shareholders because the shares they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased the shares. More particularly, a person is not a registered shareholder in respect of shares which are held on behalf of the person (the “**Non-Registered Holder**”) but which are registered either: (a) in the name of an intermediary (an “**Intermediary**”) that the Non-Registered Holder deals with in respect of the shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans); or (b) in the name of a clearing agency (such as CDS Clearing and Depository Services Inc. (“**CDS**”)) of which the Intermediary is a participant.

The Notice of Meeting, this Information Circular and the form of proxy or voting instruction form, as applicable (collectively, the “**Meeting Materials**”) are being sent to both registered holders and directly by the Corporation to non-objecting Non-Registered Holders. Non-objecting Non-Registered Holders (“**NOBOs**”) include those Non-Registered Holders who have provided instructions to the Intermediary holding securities in an account on such holder’s behalf, that the holder does not object, in respect of the account, to the Intermediary disclosing ownership information about the beneficial owner under National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* of the Canadian Securities Administrators (“**NI 54-101**”). If you are a NOBO and the Corporation sent these materials directly to you, your name, address and information about your holdings have been obtained in accordance with applicable securities regulatory requirements for the Intermediary holding shares of the Corporation on your behalf. In accordance with the requirements of NI 54-101, the Corporation has distributed copies of the Meeting Materials to the clearing agencies and Intermediaries for onward distribution to Non-Registered Holders who have not been sent the Meeting Materials directly by the Corporation.

Management of the Corporation does not intend to pay for Intermediaries to forward the Meeting Materials or any other proxy-related materials for the Meeting to Non-Registered Holders who are objecting beneficial owners under NI 54-101. Non-Registered Holders who are objecting beneficial owners will not receive the Meeting Materials or any other proxy-related materials unless the objecting beneficial owner’s Intermediary assumes the cost of delivery.

Intermediaries are required to forward the Meeting Materials to Non-Registered Holders unless a Non-Registered Holder has waived the right to receive them. Very often, Intermediaries will use service companies to forward the Meeting Materials to Non-Registered Holders. Generally, Non-Registered Holders who have not received materials directly from the Corporation nor waived the right to receive Meeting Materials will either:

- (a) be given a form of proxy **which has already been signed by the Intermediary** (typically by a facsimile, stamped signature), which is restricted as to the number of shares beneficially owned by the Non-Registered Holder but which is otherwise not completed. Because the Intermediary has already signed the form of proxy, the form of proxy is not required to be signed by the Non-Registered Holder. In this case, the Non-Registered Holder should otherwise properly complete the form of proxy and deliver it to Computershare Investor Services Inc. as provided above; or

- (b) more typically, be given a voting instruction form **which is not signed by the Intermediary**, and which, when properly completed and signed by the Non-Registered Holder and **returned to the Intermediary or its service company**, will constitute voting instructions (often called a “**proxy authorization form**”) which the Intermediary must follow. Typically, the proxy authorization form will consist of a one page pre-printed form. Sometimes, instead of the one page pre-printed form, the proxy authorization form will consist of a regular printed form of proxy accompanied by a page of instructions, which contains a removable label containing a bar code and other information. In order for the form of proxy to constitute a valid proxy authorization form, the Non-Registered Holder must remove the label from the instructions and affix it to the form of proxy, properly complete and sign the form of proxy and return it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company.

In either case, the purpose of this procedure is to permit Non-Registered Holders to direct the voting of the shares which they beneficially own. Should a Non-Registered Holder who receives one of the above forms wish to vote at the Meeting in person, the Non-Registered Holder should strike out the names of the Management proxyholders and insert the Non-Registered Holder’s name in the blank space provided. **In either case, Non-Registered Holders should carefully follow the instructions of their Intermediary, including those regarding when and where the form of proxy or proxy authorization form is to be delivered.**

Shareholder Proposals

A shareholder who will be entitled to vote at the 2014 annual general and special meeting of shareholders of the Corporation and who wished to raise a proposal at such meeting, and for such proposal to be included in this Information Circular, was required to have delivered the proposal to the Corporation no later than February 14, 2014.

Voting Securities and Principal Holders of Voting Securities

The Corporation is authorized to issue an unlimited number of common shares without par value, of which 227,838,679 common shares were issued and outstanding as of May 2, 2014, and an unlimited number of preferred shares issuable in series, of which 1,000,000 preferred shares have been designated Series 1 shares, none of which are issued and outstanding.

Any shareholder of record at the close of business on May 2, 2014 will be entitled to vote at the Meeting or any adjournment(s) thereof. A person duly appointed under an instrument of proxy will only be entitled to vote the shares represented thereby if the instrument of proxy is properly completed and delivered and not revoked in accordance with the requirements set out under the heading “Appointment and Revocation of Proxies” in this Information Circular. On a poll every shareholder will have one vote for each common share of which he or she is the registered holder, and may exercise such vote at the Meeting in person or by proxy.

To the best of the knowledge of the directors and executive officers of the Corporation, the only person that beneficially owns, or exercises control or direction over, directly or indirectly, shares carrying more than 10% of the outstanding voting rights attached to the Corporation’s shares at the date hereof is (based on public filings):

Name	No. of Shares	Percentage of Issued and Outstanding Shares
Cameco Corporation	50,020,427	21.95%

Currency

All currency amounts in this Information Circular are expressed in Canadian dollars, unless otherwise indicated.

BUSINESS OF THE MEETING

1. ELECTION OF DIRECTORS

The directors of the Corporation are elected annually and each person so elected will hold office until the next annual meeting of the Corporation unless he or she ceases to hold office pursuant to the *Canada Business Corporations Act*, or his or her office is earlier vacated pursuant to the by-laws of the Corporation. The number of directors to be elected at the Meeting has been fixed at six. Unless otherwise directed, the persons named as the nominees of Management in the accompanying form of proxy intend to vote for the election of a Board of Directors comprised of the nominees listed below.

The Board has adopted a Majority Voting Policy stipulating that in an uncontested election of directors, if the number of common shares “withheld” for any nominee exceeds the number of common shares voted “for” the nominee, then, notwithstanding that such director was duly elected as a matter of corporate law, he or she shall tender his or her written resignation to the chair of the Board. The Board must take formal action on the Nominations Committee’s recommendation within 90 days of the date of the applicable shareholders meeting and announce its decision by press release. See “Corporate Governance Disclosure – Majority Voting Policy”.

Each of the nominees listed below has advised Management that he will be willing to serve as a director if elected. Management does not contemplate that any of the nominees will be unable to stand for election and serve as a director, but should that circumstance arise for any reason, the persons named in the accompanying proxy may vote for another nominee or nominees in their discretion.

The Corporation is party to an agreement with Pioneer Metals Corporation and Cameco Corporation (“**Cameco**”) dated October 23, 2001 (the “**Cameco Agreement**”) pursuant to which Cameco is entitled to nominate one member of the Board of Directors of the Corporation so long as it holds not less than 10% of the outstanding common shares of the Corporation. Cameco has not exercised its right, at this time, to nominate a representative to the board.

Other than as disclosed herein, no proposed director of the Corporation is, or, within the ten years before the date of this Information Circular has been, a director, chief executive officer or chief financial officer of any issuer that:

- (a) while such person was acting in that capacity, was the subject of a cease trade or similar order, or an order that denied the issuer access to any exemptions under securities legislation, for a period of more than 30 consecutive days; or
- (b) was subject to an event that resulted, after such person ceased to be a director, chief executive officer or chief financial officer, in the issuer being the subject of a cease trade or similar order or an order that denied the company access to any exemption under securities legislation, for a period of more than 30 consecutive days.

Graham Thody was a director of SilverCrest Mines Inc. (“**SilverCrest**”) when SilverCrest received, in December 2010, notification of administrative proceedings from the United States Securities and Exchange Commission (“**SEC**”). This notification was issued as a result of a registration statement filed in 1999 by Strathclair Ventures Ltd., a predecessor company to SilverCrest which was under different management until SilverCrest assumed control in 2003. The notification alleged that Strathclair (now SilverCrest) had not filed periodic reports with the SEC sufficient to maintain its registration in the United States. Following discussions with the SEC and to end the proceedings, SilverCrest entered into a consent order with the SEC dated January 10, 2011 through which SilverCrest agreed to the revocation of the registration of its common shares in the United States under the Securities Exchange Act of 1934. As a result, broker-dealers in the United States were unable to trade the common shares of SilverCrest. On May 31, 2011, SilverCrest filed a registration statement on Form 40F for the purpose of registering its common shares under the Securities Exchange Act of 1934. Upon the registration statement taking effect on August 1, 2011, broker-dealers in the United States were able to trade common shares of SilverCrest in the United States.

No proposed director of the Corporation, has been within the ten years before the date of this Information Circular, a director or executive officer of any company that, while that person was acting in such capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver-manager or trustee appointed to hold its assets, except the following:

- (a) Emmet McGrath was a director of Cross Lake Minerals Ltd., which filed for Court protection under the Companies’ Creditors Arrangement Act (“**CCAA**”) on October 14, 2008. Mr. McGrath was a director at the time of the filing but subsequently resigned on October 23, 2008. Cross Lake Minerals Ltd. filed for bankruptcy as part of the plan of arrangement under CCAA on May 29, 2009.

No proposed director of the Corporation, is or has, within the ten years before the date of this Information Circular, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement, or compromise with creditors, or had a receiver, receiver-manager or trustee appointed to hold the assets of that individual.

No proposed director of the Corporation has been subject to any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority; or any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable securityholder in deciding whether to vote for a proposed director.

2. APPOINTMENT OF AUDITORS

Shareholders will be asked at the Meeting to approve the reappointment of KPMG LLP, Chartered Accountants, of 777 Dunsmuir Street, Vancouver, British Columbia, V7Y 1K3 (“**KPMG**”), as the auditors of the Corporation until the next annual general meeting of the Corporation and to authorize the Board of Directors to fix the remuneration payable to the auditors. KPMG were first appointed auditors of the Corporation in April 2002.

Unless otherwise directed, the persons named as nominees of Management in the accompanying form of proxy intend to vote for the reappointment of KPMG as auditors of the Corporation.

3. RE-APPROVAL OF STOCK OPTION PLAN

Shareholders will be asked at the Meeting to re-approve the unallocated entitlements under the Corporation’s existing stock option plan (the “**Option Plan**”). The Option Plan is a “rolling” stock option plan, which reserves a maximum of 10% of the Corporation’s total outstanding common shares. The rules of the Toronto Stock Exchange (the “**TSX**”) provide that, where a corporation has a rolling stock option plan in place, it must seek shareholder approval for the unallocated entitlements under such plan every three years.

In the event that the resolution to re-approve the unallocated entitlements under the Option Plan is not passed by the requisite number of votes cast at the meeting, the Corporation will not have an operative stock option plan and will not be able to issue additional stock options until such time as another stock option plan is created and approved. Options previously granted under the Option Plan will continue to be outstanding and unaffected if the resolution is not approved, however previously granted options will not be available for re-allocation if they are cancelled prior to exercise.

The Option Plan is described below under “Securities Authorized for Issuance under Equity Compensation Plans” and a full copy of the Option Plan is attached to this Information Circular as Appendix “B”.

As of the date of this Information Circular, the Corporation has 227,838,679 common shares issued and outstanding. This means that a total of 22,783,868 common shares are available for reservation under the Option Plan as of the date hereof. As the number of options currently outstanding is 17,821,000, the number of options available for grant as of the date hereof is 4,962,868.

In order for the resolution approving the unallocated entitlements under the Option Plan to be effective, it must be approved by the affirmative vote of a majority of the votes cast in respect thereof by shareholders present in person or by proxy at the Meeting. Unless otherwise directed, the persons named as nominees of Management in the accompanying form of proxy intend to vote for the resolution set out below.

“BE IT RESOLVED AS AN ORDINARY RESOLUTION THAT:

1. All unallocated entitlements under the Option Plan of the Corporation are hereby approved;
2. The Corporation has the ability to continue granting options under the Option Plan until June 6, 2017, which is the date that is three years from the date of the shareholder meeting at which shareholder approval for the Option Plan is being sought; and

3. Any one director or officer of the Corporation is authorized and directed, on behalf of the Corporation, to take all necessary steps and proceedings and to execute, deliver and file any and all declarations, agreements, documents and other instruments and do all such other acts and things that may be necessary or desirable to give effect to this resolution.”

COMPENSATION OVERVIEW

STATEMENT OF EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The Compensation Committee of the Board is responsible for establishing Management compensation based on the Board's evaluation of Management performance. It is the responsibility of the Compensation Committee to ensure Management compensation is competitive so as to enable the Corporation to continue to attract talented individuals. During 2013, the Compensation Committee was comprised of three independent directors: Mark Eaton, Emmet McGrath and Colin Macdonald.

The Compensation Committee compensates Management for performance using the following forms of remuneration: base salaries, cash bonuses and share option grants. As an exploration and development company, the Corporation does not yet have sales revenues that would give rise to earnings or cash flow based performance metrics for compensation purposes. The Board believes that Management performance in building shareholder value for the Corporation at this stage is fundamentally related to success in achieving the Corporation's principal project and corporate objectives as outlined elsewhere in this document, and to obtaining at reasonable terms ongoing financing that allows these objectives to be realized.

Base salaries are determined largely by reference to market conditions for salaries for equivalent positions and roles. In addition to both corporate and individual performance, the Compensation Committee considered, among other things, the industry in which the Corporation operates, the competitive landscape for hiring executives within this industry, the public nature of the Corporation, the market capitalization of the Corporation and the defined responsibilities of each of the executive officers when setting base salary levels. The Compensation Committee utilizes, where appropriate, externally published salary data in assisting with its decisions, and in setting salary levels for 2013, the Compensation Committee referred to the *2012 Mining Industry – Executive and Board Remuneration Report* compiled by Bedford and Global Governance Advisors. Annual incentive share option awards provide the opportunity for enhanced share value based upon performance and the overall success of the Corporation in any given year. Incentive share options for Named Executive Officers (“NEO”) are reviewed and awarded once per year. The amounts of incentive share options awarded take into account the performance of the Corporation and Management, industry trends, and the value of such option awards as calculated using Black-Scholes valuation methods.

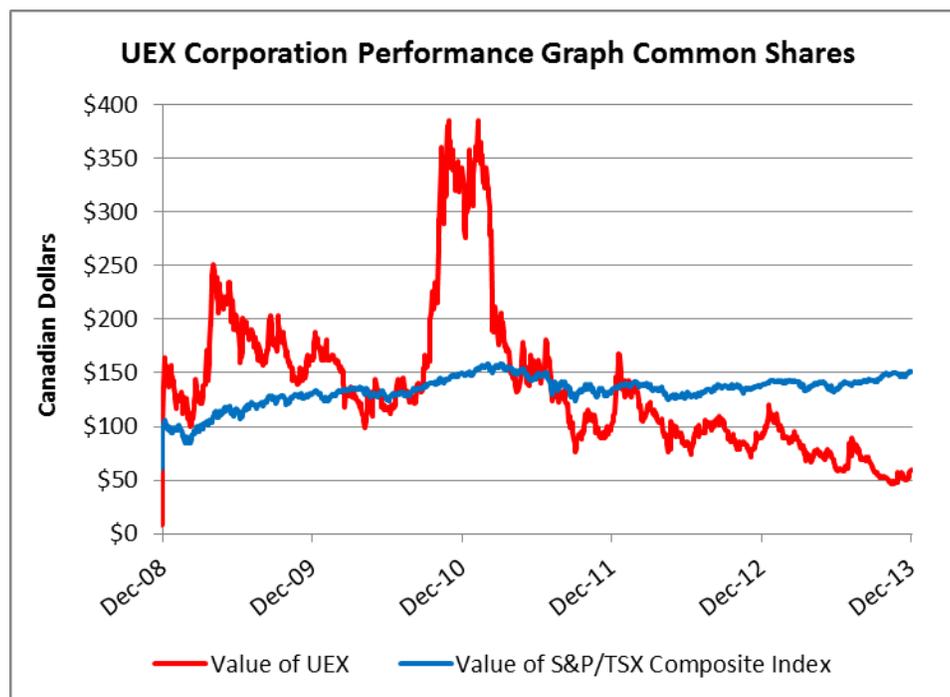

Cash bonuses are awarded at the discretion of the Compensation Committee, where Management performance was judged to warrant such an incentive. The Compensation Committee does not have a pre-determined, performance-based compensation plan that governs such bonus awards but rather reviews the performance of the Named Executive Officers (as defined below) at the end of each fiscal year.

The Compensation Committee believes that the salary, bonus, and incentive share options paid to each of the executive officers during the last fiscal year were commensurate with their position, experience and the general market. With respect to risks associated with the Corporation's compensation practices, the Compensation Committee believes that the nature and stage of the Corporation's business where as noted the Corporation does not produce revenues, the high levels of regulatory and industry standards involved in the statement of financial results and in the declaration of mineral resources, serve to greatly reduce any adverse risks associated with particular compensation practices, and the Compensation Committee believes that there are no material adverse risks associated with these practices.

The Corporation has no formal policy in relation to whether a NEO or director is permitted to purchase financial instruments, including prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or director.

Performance Graph

The common shares of the Corporation commenced trading on the TSX on July 17, 2002 under the symbol “UEX”. The following chart compares the total cumulative shareholder return for CDN\$100 invested in common shares of the Corporation on December 31, 2008, with the cumulative total return of the S&P/TSX Composite Index (formerly the TSE 300 Composite Index) for the period from December 31, 2008 to December 31, 2013. The performance of common shares of the Corporation as set out in the graph does not necessarily indicate future price performance.

	<u>Dec. 2008</u>	<u>Dec. 2009</u>	<u>Dec. 2010</u>	<u>Dec. 2011</u>	<u>Dec. 2012</u>	<u>Dec. 2013</u>
S&P/TSX Composite Index	\$ 100.00	\$ 130.69	\$ 149.57	\$ 133.02	\$ 138.34	\$ 151.56
UEX Corporation	\$ 100.00	\$ 166.67	\$ 340.91	\$ 100.00	\$ 89.39	\$ 59.85

Over the five-year period set forth in the performance graph above, the value of UEX has lagged the composite indices shown due to general declines in resource industry equities following the financial crisis, and subsequent declines in uranium equities following the nuclear accident at Fukushima in 2011. These structural five-year declines have not been matched by executive salary reductions, simply due to the need to maintain in an ongoing fashion, effective and efficient management of the Corporation to ensure long term shareholder value creation. However, there is a correlation between the total compensation of the NEO's to the Corporation's five year common share price trend because long-term incentive compensation constitutes a significant portion of their respective total compensation.

Share-based and Option-based Awards

The Compensation Committee oversees all administrative requirements of the Option Plan and, subject to confirmation by the Board, approves the granting of options under the Option Plan. Among other considerations, the Board and the Compensation Committee review and consider all outstanding options in determining whether it is desirable to grant additional options to directors and officers of the Corporation.

The Compensation Committee is responsible for reviewing the Option Plan and recommending any amendments which they may consider necessary to the Board for consideration. The Compensation Committee may consult with the Chief Executive Officer and others in reviewing and considering possible amendments to the Option Plan.

Compensation Governance

The Corporation's Compensation Committee oversees the principal compensation related decisions in accordance with the Compensation Committee Charter, and the Option Plan. As set out above under "Compensation Discussion and Analysis", the Compensation Committee has, as of 2012, begun to include in its deliberations, externally produced analyses of industry salary data which, in combination with the overall experience and expertise of the Board, ensures that executive compensation for the Corporation is both effective in accomplishing its objectives, and in accordance with industry norms.

The roles and responsibilities of the Compensation Committee are outlined in the Compensation Committee Charter. The Committee's primary purpose is to, in consultation with the Chief Executive Officer: 1) establish a plan of executive compensation that is linked to performance and shareholder value and that is competitive and appropriate to attract, hold, incentivize and motivate the Executive Management and other key employees; and 2) conduct annually a review of the performance of each member of the Executive Management and recommend individual Executive Management compensation.

More specifically, the Compensation Committee, in consultation with the Chief Executive Officer and others as required:

- (a) develops for recommendation to the Board of Directors, and reviews at least annually, a general compensation approach for employees;
- (b) reviews and recommends to the Board of Directors for consideration, approval, and establishment by the Board of Directors, employee benefits plans and guidelines with respect to those plans;
- (c) within any guidelines established by the Board of Directors, oversees all administrative requirements with regard to the Option Plan and, subject to confirmation by the Board of Directors, approves the granting of share options of the Corporation and reviews and recommends any amendments to the Option Plan which the Compensation Committee considers necessary;
- (d) within any guidelines established by the Board of Directors, administers the incentive compensation plans for Executive Management of the Corporation, designates key employees as Executive Management for the purposes of receiving incentive compensation, and annually reviews and recommends any amendments to the incentive compensation plan which the Compensation Committee considers necessary;
- (e) examines, at least annually, the roles of Executive Management and recommends to the Board of Directors the establishment of new positions or roles or other changes within Executive Management when to do so would be beneficial to the Corporation; and
- (f) reviews as required, the Corporation's succession plans for Executive Management, including specific development plans and career planning for potential successors, and recommends them to the Board of Directors.

- (1) Amount is based on the grant date fair value of the award for a financial year using the Black-Scholes option pricing model with the following weighted-average assumptions: Pre-vest forfeiture rate – 0.47% (2012 – 0.55% and 2011 – 0.81%); Volatility – 69.03% (2012 – 79.48% and 2011 – 85.41%); Risk-free interest rate – 1.51% (2012 – 1.12% and 2011 – 2.09%); Dividend yield – 0% (2012 – 0% and 2011 – 0%); and Expected life of options – 4.25 years (2012 – 4.02 years and 2011 – 3.99 years). The Corporation uses the Black-Scholes option pricing model because it is one of the most commonly used and widely accepted methodologies for calculating the value of awards.
- (2) During 2011, Mr. Thody voluntarily cancelled 375,000 share options which were granted in 2005 and 2006. The fair value of the voluntarily cancelled options upon grant was \$609,074; however, there was no effect of these cancellations on compensation from option-based awards as the options were already fully vested prior to the voluntary cancellation.
- (3) Mr. Boney joined UEX as Chief Financial Officer on April 4, 2011 at an annual base salary of \$135,000.
- (4) Ms. Lee joined UEX as Vice-President, Project Development on April 19, 2011. Ms. Lee's compensation is based on an hourly rate of \$110 per hour.
- (5) No component or amount of Mr. Thody's compensation as disclosed above specifically related to his services as a director and his base salary is prorated to 75% based on expected annual time commitment.
- (6) All annual incentive plan amounts were paid in cash during the most recently completed financial year.
- (7) Bonus has two components: (i) salary for time over 75% expected time commitment; and (ii) annual bonus.
- (8) Includes \$39,680 of salary reflecting an increase in time commitment to the Corporation from 75% to 100% following the signing of Mr. Thody's retirement agreement with the Corporation.
- (9) As part of Mr. Thody's retirement agreement with the Corporation, Mr. Thody cancelled 1,185,000 share options which were granted in 2009. The fair value of the cancelled options upon grant was \$956,530; however, there was no effect of these cancellations on compensation from option-based awards as the options were already fully vested prior to the cancellation.

No other compensation was paid or payable by the Corporation and its subsidiaries to any NEO for acting in any capacity with relation to the Corporation as at December 31, 2013.

⁽¹⁾ Share-based options are not subject to specific vesting rules. However, the Corporation's current vesting policy for grants of options is as follows: 1/3 of the options vest upon grant with the remaining options vesting 1/3 on each of the following anniversary dates. For new NEO's, 1/3 of the options vest after the successful completion of a six-month probationary period with the remaining options vesting 1/3 on the next two anniversary dates from initial vesting.

Pension Plan Benefits

The Corporation does not have a pension plan or deferred compensation plan.

NEO Employment Agreements and Termination and Change of Control Benefits

Except as disclosed below, there is no agreement, plan or arrangement that provides for payments to an NEO at, following or in connection with any termination (whether voluntary, involuntary or constructive), resignation, retirement, a change in control of the Corporation or a change in an NEO's responsibilities, where the value of such payment, including periodic payments or installments, is equal to or exceeds \$50,000.

The Corporation has entered into an executive employment agreement with Roger Lemaitre under which Mr. Lemaitre acts as the President and Chief Executive Officer of the Corporation, effective January 1, 2014. Under the agreement, Mr. Lemaitre is entitled to a base salary of \$200,000 per annum commencing January 15, 2014. This base salary is subject to annual review. In addition, Mr. Lemaitre is entitled to participate in any executive incentive bonus plans and is entitled to receive options at the discretion of the Board of Directors. Unless terminated for cause or upon the death of Mr. Lemaitre, the termination benefits described below are payable upon termination of the agreement by the Corporation.

In the event that within the twelve (12) month period immediately following a change of control (as defined below) Mr. Lemaitre's employment is terminated by the Corporation (including constructive dismissal) or the Corporation breaches any provision of the employment agreement, Mr. Lemaitre may elect to terminate the employment agreement and the Corporation will pay to him termination benefits consisting of the amount equal to two (2) times the annual base salary at that time and any bonus owing to Mr. Lemaitre immediately prior to such termination. In addition, all share options held by Mr. Lemaitre will immediately vest and be exercisable until the earlier of one year following the termination date and the normal expiry date of the options. All other employment benefits will continue for a period of two (2) years or, if it is not possible to continue such benefits, Mr. Lemaitre will be entitled to an amount sufficient to enable him to procure comparable benefits.

In the event that Mr. Lemaitre's employment is terminated by the Corporation for any reason other than as a result of a Change of Control, death or termination for cause, the Corporation will, in lieu of notice and other remuneration, compensation or benefits (including any severance pay or other termination pay) pay to Mr. Lemaitre an amount equal to twelve (12) months' base salary and any bonus owing to Mr. Lemaitre immediately prior to such termination.

All other employee related benefits will continue for a period of one (1) year following such termination or, if not possible, the Corporation will pay Mr. Lemaitre an amount sufficient to enable Mr. Lemaitre to procure comparable benefits for a one (1) year period. Mr. Lemaitre may also terminate the employment agreement on three months written notice to the Board. On the giving of such notice by Mr. Lemaitre, or any time thereafter, the Corporation will have the right to elect to immediately terminate Mr. Lemaitre's employment, and upon such election, will provide to Mr. Lemaitre a lump sum payment equal to his base salary for the three (3) months or to such proportion of the three (3) months that remain outstanding at the time of such election. In addition, all benefits will continue to the end of such three (3) month period.

During the term of the employment agreement and provided that Mr. Lemaitre's employment was not terminated by the Corporation without just cause, for a twelve (12) month period thereafter, Mr. Lemaitre must not own or have any interest directly in, act as an officer, director, agent, employee or consultant of, or assist in any way or in any capacity, any person, firm, association, partnership, corporation or other entity that is engaged in exploration for uranium and/or the development or operation of uranium mining properties in Canada; however, Mr. Lemaitre will not be prohibited from making or holding a portfolio investment of not more than 2% of the outstanding securities of any class of a publicly traded corporation involved in the foregoing activities.

Effective July 26, 2013, the Corporation entered into a retirement agreement with Graham C. Thody, whereby Mr. Thody's employment with the Corporation would cease on January 1, 2014. From July 26, 2013 to January 1, 2014, the Corporation increased Mr. Thody's compensation from 75% to 100% of his then base salary of \$366,000 per annum. The Corporation also agreed to maintain Mr. Thody's group benefits until December 31, 2015 to a maximum cost of \$6,000 per annum. Under the terms of the retirement agreement, Mr. Thody agreed to surrender options to purchase 500,000 common shares at an exercise price of \$1.45 per share expiring May 21, 2019 and options to purchase 685,000 common shares at an exercise price of \$1.32 expiring September 21, 2019, which were previously granted to him for no further compensation. The Corporation agreed that all of Mr. Thody's remaining unvested options in existence as at July 26, 2013 would vest effective January 1, 2014.

The Corporation entered into a Consulting Services Agreement with Mr. Thody in conjunction with the retirement agreement for a two (2) year period effective January 2, 2014 and ending December 31, 2015 for compensation of \$366,000 plus GST, payable in two lump sum payments of \$183,000 plus GST on the first business day of 2014 and 2015. Either party may terminate the consulting agreement immediately, on written notice, without further services or payment, if the other party fundamentally breaches the terms of the agreement. During the term of the consulting agreement, Mr. Thody is not entitled to receive payment for Directors' fees.

Effective January 1, 2013, the Corporation entered into an agreement with R. Sierd Eriks pursuant to which Mr. Eriks will act as the Vice-President of Exploration of the Corporation. Under the agreement Mr. Eriks is entitled to a base salary of \$159,650 per year. This base salary is subject to annual review. In addition, Mr. Eriks is entitled to participate in any executive incentive bonus plans and is entitled to receive options at the discretion of the Board of Directors. In the event of a change of control of the Corporation, Mr. Eriks will be entitled to termination benefits consisting of an amount equal to two (2) year's annual salary at that time. In addition, all share options held by Mr. Eriks in the Corporation will become immediately vested.

Effective January 1, 2013, the Corporation entered into an agreement with Edward Boney pursuant to which Mr. Boney will act as the Chief Financial Officer and Corporate Secretary of the Corporation. Under the agreement Mr. Boney is entitled to a base salary of \$190,000 per year. This base salary is subject to annual review. In addition, Mr. Boney is entitled to participate in any executive incentive bonus plans and is entitled to receive options at the discretion of the Board of Directors. In the event of a change of control of the Corporation, Mr. Boney will be entitled to termination benefits consisting of an amount equal to two (2) year's annual salary at that time. In addition, all share options held by Mr. Boney in the Corporation will become immediately vested.

Effective April 19, 2011, the Corporation entered into an agreement with Nan Lee pursuant to which Ms. Lee will act as the Vice-President of Project Development of the Corporation. This agreement remains in effect for 2013 and is subject to annual review. Ms. Lee is compensated on an hourly basis at \$110 per hour plus vacation of 5.77%. In addition, Ms. Lee is entitled to participate in any executive incentive bonus plans and is entitled to receive options at the discretion of the Board of Directors. In the event of a change of control of the Corporation, all share options held by Ms. Lee in the Corporation will become immediately vested.

In each of the agreements described in this section, a change of control is defined as one or more persons acquiring jointly or in concert, directly or indirectly, more than 50% of the voting securities of the Corporation, the amalgamation, merger or arrangement of the Corporation with or into another where the shareholders of the Corporation immediately prior to the transaction will hold less than 51% of the voting securities of the resulting entity or a sale of all or substantially all of the assets of the Corporation. Mr. Lemaitre's employment agreement also includes further terms which trigger a "Change of Control" as follows; a majority of the then-incumbent Board of Directors' nominees for election to the Board of Directors of the Corporation are not elected at any annual or special meeting of shareholders of the Corporation, there is a liquidation, dissolution or winding-up of the Corporation, or there is a merger, amalgamation, consolidation or reorganization into or with any body corporate or other legal person (including a body corporate or other legal person) and, as a result of such business combination, more than 40% of the voting shares of such person immediately after such transaction are beneficially held in the aggregate by a person (or persons acting jointly or in concert) and such person beneficially held less than 40% of the voting shares of the Corporation immediately prior to such transaction.

Assuming each of the current NEOs' employment agreements had been terminated on December 31, 2013 as a result of a Change of Control of the Corporation or by an event that would trigger payments by the Corporation, the following amounts would be payable to the NEOs:

The following table sets forth the compensation provided to the directors of the Corporation for their services during the fiscal year ended December 31, 2013:

The independent directors of the Corporation received \$2,000 per month compensation in their capacity as directors, as well incentive share options. The methodology for determining the remuneration of the Board is similar to that used for the remuneration of the NEO's. Levels of remuneration of directors are usually first informally discussed among the members of the Compensation Committee and the CEO before formally being considered by the Board.

Securities Authorized for Issuance under Equity Compensation Plans

Equity Compensation Plan Information

The Corporation adopted the Option Plan to allow the Corporation to grant incentive share options to its directors, officers, employees and consultants of the Corporation or its subsidiaries and affiliates. The Option Plan was initially approved by the shareholders of the Corporation on January 15, 2002. Amendments to the Option Plan were approved by shareholders of the Corporation on June 30, 2005 to provide that the maximum number of common shares of the Corporation issuable under the Option Plan be a rolling number equal to 10% of the issued and outstanding common shares of the Corporation from time to time. Further amendments to the Option Plan were approved by shareholders on June 26, 2007 to align the Option Plan with the rules and policies of the TSX regarding share option plan amendments and limited option term extensions in specified circumstances. Further amendments to the Option Plan were approved by UEX shareholders on June 21, 2011. These most recent amendments were intended to address the obligation of the Corporation to withhold certain amounts on account of income tax or other required deductions on the exercise of any share options, clarify the board's intention for treatment of options upon the event of a change of control, replace the share option agreement previously used by the Board with a share option certificate, and ensure consistency of the terms of the Option Plan by inserting additional defined terms. The Option Plan is required to be approved by shareholders every three years. The Option Plan to be submitted to the shareholders for re-approval at the Meeting does not contain any changes from the option plan that was most recently approved by shareholders on June 21, 2011.

The following table sets forth as at the year ended December 31, 2013 the number of securities authorized for issuance under the Option Plan.

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights (a)	Weighted average exercise price of outstanding options, warrants and rights (b)	Number of securities remaining available for future issuance under equity compensation plan (excluding securities reflected in column (a)) (c)
Equity compensation plans approved by security holders	16,821,000	\$ 0.97	5,962,868
Equity compensation plans not approved by security holders	nil	\$ nil	nil
Total	16,821,000	N/A	5,962,868

The following is a brief description of the material provisions of the Option Plan:

Eligible participants under the Option Plan: Persons eligible to participate under the Option Plan are directors, officers, key employees and others providing services (except for investor relations activities) to the Corporation or any of its subsidiaries.

The maximum percentage of common shares that any one person is entitled to receive under the Option Plan: The number of common shares reserved for issuance to any one person pursuant to options granted under the Option Plan (together with those common shares which may be issued pursuant to any other share compensation arrangement of the Corporation) shall not exceed 5% of the issued and outstanding common shares.

The maximum percentage of common shares that insiders are entitled to receive under the Option Plan: The number of common shares which may be issuable to all insiders of the Corporation pursuant to options granted under the Option Plan (together with those common shares which may be issuable pursuant to any other share compensation arrangement of the Corporation) shall not exceed 10% of the issued and outstanding common shares on a non-diluted basis from time to time. The number of common shares which may be issued to all insiders of the Corporation pursuant to options granted under the Option Plan (together with those common shares which may be issued pursuant to any other share compensation arrangement of the Corporation) shall not exceed 10% of the issued and outstanding

common shares on a non-diluted basis within a one-year period. The number of common shares which may be issued pursuant to options granted under the Option Plan (together with those common shares which may be issued pursuant to any other share compensation arrangement of the Corporation) to any one insider, or such insider's associate, within a one-year period shall not exceed 5% of the issued and outstanding common shares on a non-diluted basis from time to time.

As at the date hereof, there are 17,821,000 options issued and outstanding under the Option Plan, representing 7.82% of the Corporation's current issued and outstanding common shares.

The method of determining the exercise price for common shares under the Option Plan: The exercise price of an option will be determined by the Board of Directors when the option is granted and shall not be less than the closing market price of the common shares on the TSX on the date prior to the grant of the option, or, if the common shares do not trade on the day prior to such grant, shall not be less than the average of the closing bid and ask price as reported by the TSX on such date.

Vesting of options: Options shall vest as the Board determines, in its discretion.

Term of options: Options shall expire on the expiration date determined by the Board, and must be exercised, if at all, on or before the expiration date. In no event shall the expiration date be more than ten years after the date of grant provided that such period will be automatically extended for ten business days if the expiration date falls during or within two (2) business days of a blackout period. Any shares not purchased prior to the expiration of an option granted under the Option Plan may thereafter be reallocated in accordance with the Option Plan.

Transferability: Options granted under the Option Plan are non-transferable and non-assignable other than by will or the laws of descent and distribution.

Effect of termination of employment or death: If an optionee dies while employed by the Corporation, any option held by him at the date of death will become exercisable by the person(s) to whom the optionee's rights under the options shall pass by the optionee's will or the laws of descent and distribution. All such options are exercisable for the period of time expiring on the earlier of: (i) the regular expiration of the option period in respect thereof, and (ii) six (6) months, or such other period as the Board of Directors determined at the date of the grant of the option, after the date of death.

If an optionee ceases to be an eligible participant under the Option Plan for any reason whatsoever (including if the optionee ceases to be employed by the Corporation or ceases to hold office as a director), any options granted to such optionee will terminate and be of no further force or effect on the earlier of: (i) the regular expiration of the option period in respect thereof, and (ii) thirty (30) days, or such other period as the Board of Directors shall have determined at the date of grant of the option, after the date the optionee ceases to be an eligible participant under the Option Plan.

Amendment of the Option Plan: Subject to the rules of the TSX, the Board of Directors may at any time, without further action by shareholders, amend the Option Plan or any option granted thereunder in such respect as it may consider advisable:

- (a) for the purposes of making formal minor or technical modifications to any of the provisions of the Option Plan,
- (b) to correct any ambiguity, defective provision, error or omission in the provisions of the Option Plan,
- (c) to change the vesting provisions of options,
- (d) to change the termination provisions of options or the Option Plan which does not entail an extension beyond the original expiry date of the options,
- (e) to add a cashless exercise feature to the Option Plan, providing for the payment in cash or securities on exercise of options and which provides for a full deduction of the number of shares from the Option Plan reserve in such case, and

- (f) to add or change provisions relating to any form of financial assistance provided by the Corporation to eligible participants that would facilitate the purchase of shares under the Option Plan;

provided, however, that:

- (g) no such amendment of the Option Plan may be made without the consent of each affected optionee if such amendment would adversely affect the rights of such affected optionee under the Option Plan; and
- (h) shareholder approval shall be obtained in accordance with the requirements of the TSX for any amendment that results in
 - (i) an increase in the percentage or the number of shares issuable under options granted pursuant to the Option Plan;
 - (ii) a reduction in the exercise price of an option granted to an insider (other than pursuant to a change of control);
 - (iii) the cancellation and reissue of any options;
 - (iv) an extension of the term of an option granted under the Option Plan benefiting an insider; or
 - (v) options becoming transferable or assignable other than for estate settlement purposes.

CORPORATE GOVERNANCE DISCLOSURE

Statement of Corporate Governance Practices

The Board of Directors and senior Management of the Corporation consider good corporate governance to be central to the effective operation of the Corporation. As part of the Corporation's commitment to effective corporate governance, the Board of Directors, with the assistance of the Corporate Governance Committee, monitors changes in legal requirements and best practices.

Reference is made to National Instrument 58-101 – *Disclosure of Corporate Governance Practices* (“**NI 58-101**”) and National Policy 58-201 – *Corporate Governance Guidelines* (“**NP 58-201**” or the “**Guidelines**”).

The Corporation has reviewed its own corporate governance practices in light of the Guidelines. At its meeting on March 23, 2007, the Board of Directors approved a set of corporate governance policies and procedures, including a mandate for the Board of Directors, charter documents for the various committees of the Board of Directors and a Code of Corporate Ethics and Conduct. Set out below is a description of certain corporate governance practices of the Corporation, as required by NI 58-101.

Mandate of the Board of Directors

The primary responsibility of the Board is to foster the long-term success of the Corporation, consistent with the objective of enhancing shareholder value. The Board's mandate is to set long-term goals and objectives for the Corporation, to formulate the plans and strategies necessary to achieve those objectives and to supervise the Corporation's senior Management in their implementation. Although the Board has delegated to senior Management personnel the responsibility for managing the day to day affairs of the Corporation, the Board retains a supervisory role in respect of, and ultimate responsibility for, all matters relating to the Corporation and its business.

The Board of Directors is responsible for reviewing the overall governance principles of the Corporation, recommending any changes to these principles and monitoring their disclosure. The Board annually reviews and, where appropriate, adjusts the statement of corporate governance practices included in the Corporation's Management proxy circular.

The current Chair of the Board is Mark Eaton. The Chair is responsible for ensuring that the Board functions effectively, efficiently and harmoniously. The Chair is responsible for ensuring good relationships between the Board, management, shareholders and other stakeholders. The Chair's primary responsibility is to manage the Board of Directors and meetings of the Board.

A copy of the Mandate of the Board of Directors is attached to this Information Circular as Appendix “A”.

Composition of the Board of Directors

NP 58-201 recommends that the Board of Directors of a reporting issuer be composed of a majority of independent directors. During the most recently completed financial year, each of Mark Eaton (Chair), Colin Macdonald, Suraj Ahuja, and Emmet McGrath comprising a majority of the board, were “independent” within the meaning of the Guidelines. Graham Thody is not considered independent under the Guidelines as he was, until January 1, 2014, the President and Chief Executive Officer of the Corporation and continues in a consulting role with the Company until December 31, 2015. If all of the persons named as nominees of Management are elected at the meeting, then the majority of the board will be independent for the ensuing year.

The Corporation has taken steps to ensure that adequate structures and processes are in place to permit the Board of Directors to function independently of Management. Pursuant to the Mandate of the Board of Directors, the Board of Directors may hold meetings at which members of Management are not in attendance. During the financial year ended December 31, 2013, two formal meetings as part of regularly scheduled board meetings of the independent directors were held without Management present. However, members of the Board of Directors and its committees held various meetings on an informal basis in the absence of Management.

Between January 1, 2013 and December 31, 2013, the Board of Directors and its committees held the following number of meetings:

Board of Directors	8
Audit Committee	5
Corporate Governance Committee	1
Nominations Committee	1

Position Descriptions

Management is authorized to act, without Board approval, on all ordinary course matters relating to the Corporation's business. The Board has formally defined the following corporate objectives for senior Management:

- to continue the exploration and evaluation work required to delineate and develop economic uranium resources at Shea Creek;
- to advance the development process at the Horseshoe, Raven and West Bear uranium deposits to a production decision once uranium commodity prices have demonstrated a sustained recovery from current spot and long-term prices;
- to maintain, explore and advance to discovery its other uranium projects; and
- to pursue a diversified portfolio of uranium projects from early exploration through to development and production, which may include outright property acquisitions or other business combinations.

The Board expects Management to efficiently implement its strategic plans for the Corporation, to keep the Board fully apprised of its progress in doing so, and to be fully accountable to the Board in respect of all matters for which it has been assigned responsibility.

The Board has directed senior Management to respond to inquiries from shareholders and to advise the Board of any major concerns expressed by shareholders.

The Corporation has developed written position descriptions for the Chair of the Board and the chair of each committee of the Board of Directors.

The Board and CEO have not developed a written position description for the CEO. The Board delineates the roles and responsibilities of the CEO in accordance with the corporate goals and objectives that the CEO is responsible for meeting from time to time, as discussed in the Corporation's management's discussion and analysis.

Orientation and Education

The Corporation provides new directors with an orientation program upon joining the Corporation, which may consist of meetings with members of Management to consider matters such as: the nature of the business and corporate structure of the Corporation; its strategic plans; operations and capital expenditure programs; financial planning strategies and the Corporation's policies and procedures, including the Corporation's By-Laws, Mandate of the Board of Directors and other procedures and policies of the Board of Directors, and the Code of Corporate Ethics and Behaviour. New directors are also briefed on potential liabilities arising from their role as a director of the Corporation.

As a part of the continuing education of the directors, presentations are made at Board of Director meetings by Management and/or consultants on new developments, including updates on exploration programs and results. As well, directors are provided with the opportunity to meet with corporate officers and managers to discuss and better understand the business and from time to time visit the Corporation's material properties.

Board members are encouraged to communicate with Management and auditors, to keep themselves current with industry trends and development, and to attend related industry seminars. Board members have full access to the Corporation's records.

Ethical Business Conduct

The Corporation has adopted a written Code of Corporate Ethics and Behaviour (the "Code"), which prescribes the minimum standards of conduct governing all directors, officers and employees in the performance of their duties. The provisions of the Code are mandatory. Each director, officer and employee is required to execute a certification that they have read, understand and agree to comply with the Code.

A copy of the Code may be obtained from the Corporation and is also available under the Corporation's profile on SEDAR at <http://www.sedar.com>. The Board of Directors has the responsibility to approve and monitor compliance with the Code. Any waivers from the Code for the benefit of the Corporation's directors or officers may only be granted by the Board of Directors or, if delegated by the Board of Directors, a committee of the Board of Directors. The Corporation has not filed any material change report since the beginning of its most recently completed financial year that pertains to any conduct of a director or executive officer that constitutes a departure from the Code.

Pursuant to the Code, no officer or employee may have any business conduct which conflicts with the Corporation's interests. Each officer or employee who becomes aware of an actual, potential or apparent conflict of interest must report such conflicts to the Chair of the Board of Directors. Directors must conduct their business and affairs in a manner that ensures their private or personal interests do not interfere or appear to interfere, with the interests of the Corporation, including conflicts relating to personal, financial or other gain. Should conflicts arise, or be perceived to arise, directors shall immediately make full disclosure to the Chair of the Board of Directors and shall not participate in any decision or action where there is a real or apparent conflict.

The provisions of the Code are mandatory. All rulings and interpretations made under the Code will be in accordance with the spirit and intent of the Code.

The Corporate Governance Committee is currently comprised of three independent directors, Mark Eaton, Suraj Ahuja and Colin Macdonald. The mandate of the Corporate Governance Committee is, among other things, to monitor external corporate governance requirements and to ensure corporate compliance with such requirements and to annually make disclosure of the Corporation's system of corporate governance. The composition of the Corporate Governance Committee will be reconsidered after the Meeting.

Nominations Committee

The Nominations Committee is currently comprised of three directors: Colin Macdonald (independent), Emmet McGrath (independent) and Suraj Ahuja (independent). The mandate of the Nominations Committee is to identify qualified individuals to become directors, to recommend director nominees for appointment to the next annual general meeting and to assess the effectiveness of the Board, committees of the Board and individual directors. The composition of the Nominations Committee will be reconsidered after the Meeting.

Prior to each annual general meeting, the Nominations Committee meets to consider the current composition of the Board of Directors and considers whether it is appropriate or desirable to add a member or change the composition. In the event that a new director is proposed to be added to the Board, the decision is made by the committee as a whole, based on the recommendation of one or more committee members, and a recommendation is made to the Board.

In making its recommendations, the Nominations Committee considers the following:

- (a) the competencies and skills that the Board of Directors considers necessary for the Board, as a whole, to possess;
- (b) the competencies and skills that the Board of Directors considers each existing director to possess;
- (c) the competencies and skills each new nominee will bring to the boardroom; and
- (d) whether or not each new nominee can devote sufficient time and resources to his or her duties as a board member.

Majority Voting Policy

The Board has adopted a Majority Voting Policy stipulating that in an uncontested election of directors, if the number of Common Shares "withheld" for any nominee exceeds the number of Common Shares voted "for" the nominee, then, notwithstanding that such director was duly elected as a matter of corporate law, he or she shall tender his or her written resignation to the chair of the Board. The Nominations Committee will consider such offer of resignation and will make a recommendation to the Board concerning the acceptance or rejection of the resignation after considering, among other things, the stated reasons, if any, why certain shareholders "withheld" votes for the director, the qualifications of the director and whether the director's resignation from the Board would be in the best interests of the Corporation. The Board must take formal action on the Nominations Committee's recommendation within 90 days of the date of the applicable shareholders meeting and announce its decision by press release.

Compensation Committee

The Compensation Committee is currently comprised of three directors: Colin Macdonald (independent), Emmet McGrath (independent) and Mark Eaton (independent). The mandate of the Compensation Committee is to determine compensation for, and monitor the performance of senior officers and directors of the Corporation. The composition of the Compensation Committee will be reconsidered after the Meeting.

The Compensation Committee, in consultation with the Chief Executive Officer and others as required:

- (a) develops for recommendation to the Board of Directors, and review at least annually, a general compensation approach for employees;
- (b) reviews and recommends to the Board of Directors for consideration, approval, and establishment by the Board of Directors, employee benefits plans and guidelines with respect to those plans;
- (c) within any guidelines established by the Board of Directors, oversees all administrative requirements with regard to the Corporation's Option Plan and, subject to confirmation by the Board of Directors, approves the granting of share options of the Corporation and reviews and recommends any amendments to the Option Plan which the Compensation Committee considers necessary;
- (d) within any guidelines established by the Board of Directors, administers the incentive compensation plans for Executive Management of the Corporation, designates key employees as Executive Management for the purposes of receiving incentive compensation, and annually reviews and recommends any amendments to the incentive compensation plan which the Compensation Committee considers necessary;
- (e) examines, at least annually, the roles of Executive Management and recommends to the Board of Directors the establishment of new positions or roles or other changes within Executive Management when to do so would be beneficial to the Corporation; and
- (f) reviews as required, the Corporation's succession plans for Executive Management, including specific development plans and career planning for potential successors, and recommends them to the Board of Directors.

The Board of Directors is compensated with an annual retainer of \$24,000 each and share options to best align their interests with those of the Corporation's shareholders. The Corporation pays reasonable expenses incurred by the Board. The Board of Directors from time to time reviews outstanding share options and considers whether it is desirable to issue further options to employees, directors and consultants.

Assessment of the Board

The Guidelines recommend that the Board implement a process for assessing the effectiveness of the Board as a whole, the committees of the Board and the contribution of individual directors. The Board of Directors has established an annual review process which has four components: an evaluation of the effectiveness of the Board of Directors as a whole; an evaluation of the performance of each individual Director; an evaluation of the Chair of the Board of Directors; and an evaluation of the effectiveness of each of the Committees of the Board of Directors. This review process shall relate directly to the description of the duties and responsibilities of the Board of Directors and to the mandates of its committees.

Audit Committee

The Audit Committee oversees the Corporation's financial reporting obligations, systems and disclosure and acts as a liaison between the Board of Directors and the Corporation's auditors. Activities of the Audit Committee typically include reviewing quarterly and annual financial statements, ensuring that internal controls over accounting and financial systems are maintained and that accurate financial information is disseminated to shareholders, reviewing the results of internal and external audits and any change in accounting procedures or policies and evaluating the performance of the Corporation's auditors.

Information about the Corporation's Audit Committee is provided in the Corporation's most recent Annual Information Form (the "AIF"), including the Audit Committee Charter. The AIF may be obtained from the Corporation's public disclosure documents found on the Canadian System for Electronic Document Analysis and Retrieval (SEDAR) website at www.sedar.com or by contacting the Corporation's Corporate Secretary at Suite 1007 – 808 Nelson Street, Vancouver, British Columbia, V6Z 2H2, Telephone: (604) 669-2349.

PARTICULARS OF OTHER MATTERS TO BE ACTED UPON

Management of the Corporation is not aware of any matters to come before the meeting other than those set forth in the Notice of Meeting. If other matters properly come before the Meeting, it is the intention of the person named in the accompanying form of proxy to vote the shares represented thereby in accordance with his or her best judgment on such matters.

APPENDIX 'B'

UEX CORPORATION

(the "Corporation")

Adopted by Shareholders Resolution dated
January 15, 2002 and Amended and Approved by Shareholders
on June 30, 2005, June 26, 2007, June 21, 2011

INCENTIVE STOCK OPTION PLAN

The purpose of the Plan is to secure for the Corporation and its shareholders the benefit of incentives inherent in share ownership by key employees of the Corporation who, in the judgment of the board of directors of the Corporation (the "**Board of Directors**"), will be largely responsible for its future growth and success. It is generally recognized that stock option plans aid in retaining and encouraging employees of exceptional ability because of the opportunity offered them to acquire a proprietary interest in the Corporation.

1. SHARES SUBJECT TO INCENTIVE STOCK OPTION PLAN (the "Plan")

1.1

- (a) The Board of Directors may, from time to time, in its discretion grant to key employees, directors, officers and others providing services to the Corporation or any of its subsidiaries (collectively called "**Eligible Persons**"), subject to the restrictions set forth in this Plan, stock options (each, an "**Option**") to purchase common shares without par value in the capital of the Corporation ("**Shares**") with such number of Shares being subject to adjustment under Section 7 hereof. No Option shall be granted to any person except upon recommendation of the Board of Directors.
- (b) The number of Shares which may be reserved for issuance pursuant to this Plan to all Eligible Persons shall not exceed in the aggregate, a number of Shares equal to 10% of the issued and outstanding Shares of the Corporation from time to time. The number of Shares reserved for issuance pursuant to this Plan (together with those Shares which may be issued pursuant to any other share compensation arrangement of the Corporation) to any one Eligible Person shall not exceed 5% of the Shares outstanding from time to time.
- (c) The number of Shares which may be issuable pursuant to this Plan (together with those Shares which may be issuable pursuant to any other share compensation arrangement of the Corporation) to all Insiders shall not exceed 10% of the Shares outstanding on a non-diluted basis from time to time. For the purposes of this Plan, "**Insiders**" shall mean an Eligible Person who is an "insider" of the Corporation as defined in the *Securities Act* (Ontario) and the rules and regulations thereunder, and the policies of the Toronto Stock Exchange, as may be amended from time to time, other than a person who falls within that definition solely by virtue of being a director or officer of an affiliate of the Corporation.
- (d) The number of Shares which may be issued pursuant to this Plan (together with those Shares which may be issued pursuant to any other share compensation arrangement of the Corporation) to all Insiders within a one year period shall not exceed 10% of the Shares outstanding on a nondiluted basis from time to time. The number of Shares which may be issued pursuant to this Plan (together with those Shares which may be issued pursuant to any other share compensation arrangement of the Corporation) to any one Insider, or such Insider's associate, within a one-year period shall not exceed 5% of the Shares outstanding on a non-diluted basis from time to time.

2. PURCHASE PRICE

- 2.1 The purchase price of any Shares in respect of which an Option may be granted under the Plan shall be fixed by the Board of Directors but shall not be less than the fair market value of the Shares at the time the Option is granted. “**Fair market value**” means the closing price of the Shares of the Corporation on The Toronto Stock Exchange if the Shares are then listed for trading thereon (and if not so listed, on any stock exchange on which the Shares may then be listed) on the last trading day before the day on which the Option is granted. If no Shares have been traded on such day, the fair market value shall be the average of the closing bid and ask as reported by the Toronto Stock Exchange or such other applicable exchange on such date.

3. OPTION TERM

- 3.1 The Shares subject to each Option shall become purchasable at such time or times as may be determined by the Board of Directors. Each Option shall not be exercisable after the expiration of ten (10) years from the date granted, except as the same may be reduced with respect to any such Option as provided in Section 5 hereof, and may expire on such earlier date or dates as may be fixed by the Board of Directors and specified in the Stock Option Certificate (as defined below) (the “**Expiry Date**”). Notwithstanding the foregoing, in circumstances where the Expiry Date set for an Option granted by the Board of Directors falls within, or within two business days after the end of, a “blackout” or similar period imposed under any insider trading policy or similar policy of the Corporation (but not, for greater certainty, a restrictive period resulting from the Corporation or its Insiders being the subject of a cease trade order of a securities regulator authority), then the Expiry Date shall be the 10th business day after the end of the applicable “blackout” or similar period.
- 3.2 At the close of business on the Expiry Date, the Option shall expire and terminate and be of no further force or effect whatsoever as to such of the Shares in respect of which the Option has not been exercised. Any Shares not purchased prior to the expiration of an Option granted hereunder may thereafter be reallocated in accordance with the provisions of the Plan.

4. NON-TRANSFERABLE

- 4.1 Any Option granted under the Plan shall be non-transferable and non-assignable by the person to whom it was granted (each, an “**Optionee**”) other than by will or the laws of descent and distribution and shall be exercisable, during that Optionee’s lifetime, only by such Optionee.

5. EFFECT OF TERMINATION OF EMPLOYMENT OR DEATH

- 5.1 If an Optionee dies while employed by the Corporation, any Option held by him at the date of death shall become exercisable in whole or in part by the person(s) to whom the Optionee’s rights under the Options shall pass by the Optionee’s will or the laws of descent and distribution. All such Options shall be exercisable for the period of time expiring on the earlier of: (i) the regular expiration of the option period in respect thereof, and (ii) six (6) months, or such other period as the Board of Directors shall have determined at the date of the grant of the Option, after the date of death.
- 5.2 If an Optionee ceases to be an Eligible Person, in any case for any reason whatsoever (including, without limitation, if the Optionee ceases to be employed by the Corporation or ceases to hold office as a director), any Options or the unexercised portion thereof granted to such Optionee shall terminate and be of no further force or effect on the earlier of: (i) the regular expiration of the option period in respect thereof, and (ii) thirty (30) days, or such other period as the Board of Directors shall have determined at the date of grant of the Option, after the date the Optionee ceases to be an Eligible Person.

6. NO RIGHTS AS SHAREHOLDER

- 6.1 The Optionee shall have no rights whatsoever as a shareholder in respect of any Shares (including any right to receive dividends or other distributions therefrom or thereon) other than in respect of Shares in respect of which the Optionee has validly exercised the Option and which the Optionee shall have actually taken up and paid for in full.

7. ADJUSTMENT TO SHARES

- 7.1 In the event of any subdivision, redivision or change of the Shares of the Corporation at any time prior to the Expiry Date into a greater number of Shares, the Corporation shall deliver, at the time of any exercise thereafter of the Option, such additional number of Shares as would have resulted from the subdivision, redivision or change if the Option had been exercised prior to the date of the subdivision, redivision or change.
- 7.2 In the event of any consolidation or change of the Shares of the Corporation at any time prior to the Expiry Date into a lesser number of Shares, the number of Shares deliverable by the Corporation on any exercise thereafter of the Option shall be reduced to such number of Shares as would have resulted from the consolidation or change if the Option had been exercised prior to the date of the consolidation or change.
- 7.3 In the event the Corporation is reorganized, amalgamated or merged with or consolidated into another company or in the event there is a Change of Control (as defined below), the Board of Directors may make such provisions as it deems appropriate for the exercise of outstanding Options or continuance of outstanding Options to prevent any increase or decrease in the number of Shares deliverable upon their exercise.
- 7.4 Notwithstanding Sections 7.2 and 7.3 hereof, in the event of a Change of Control, each Option currently outstanding that is not fully vested on the date on which the Change of Control occurs shall vest immediately and any and all Options shall be immediately exercisable up to, but not after, the date which is the earlier of the Expiry Date and 90 days after the date of such Change of Control.

For the purposes of this Stock Option Plan, “**Change of Control**” means:

- (a) the acquisition whether directly or indirectly, by a person or company, or any persons or companies acting jointly or in concert (as determined in accordance with the *Securities Act* (Ontario) and the rules and regulations thereunder, as may be amended from time to time) of voting securities of the Corporation which, together with any other voting securities of the Corporation held by such person or company or persons or companies, constitute, in the aggregate, more than 50% of all outstanding voting securities of the Corporation;
- (b) an amalgamation, arrangement or other form of business combination of the Corporation with another company which results in the holders of voting securities of that other company holding, in the aggregate, 50% or more of all outstanding voting securities of the Corporation (including a merged or successor company) resulting from the business combination; or
- (c) the sale, lease or exchange of all or substantially all of the property of the Corporation to another person, other than a subsidiary of the Corporation or other than in the ordinary course of business of the Corporation.

8. EFFECT OF TAKEOVER BID

- 8.1 If a bona fide offer (the “**Offer**”) is made to an Optionee or to shareholders generally or to a class of shareholders which includes an Optionee for Shares of the Corporation, which Offer, if accepted in whole or in part, would result in the offeror exercising control over the Corporation within the meaning of subsection 1(3) of the *Securities Act* (Ontario), as amended from time to time, then the Corporation shall,

immediately upon receipt of notice of the Offer, notify each Optionee currently holding an Option of the Offer, with full particulars thereof; whereupon such Option may be exercised in whole or in part by the Optionee so as to permit the Optionee to tender the Shares received upon such exercise pursuant to the Offer. If the Offer is not completed within the time specified therein, at the Option of the Optionee, the Shares may be returned by the Optionee to the Corporation and reinstated as authorized but unissued Shares and the terms of the Options as set forth in the Plan shall again apply to the Option.

9. OPTION CERTIFICATE

9.1 Any Option granted hereunder and pursuant to the provisions of the Plan will be evidenced by a stock option certificate substantially in the form appended hereto as Exhibit A (a “**Stock Option Certificate**”).

10. AMENDMENT OF THE PLAN

10.1 Subject to the policies, rules and regulations of any lawful authority having jurisdiction (including any exchange with which the Shares of the Corporation are listed for trading), the Board of Directors may at any time, without further action by shareholders, amend the Plan or any Option granted hereunder in such respect as it may consider advisable:

- (a) for the purposes of making formal minor or technical modifications to any of the provisions of the Plan,
- (b) to correct any ambiguity, defective provision, error or omission in the provisions of the Plan,
- (c) to change the vesting provisions of Options,
- (d) to change the termination provisions of Options or the Plan which does not entail an extension beyond the original expiry date of the Options,
- (e) to add a cashless exercise feature to the Plan, providing for the payment in cash or securities on exercise of Options and which provides for a full deduction of the number of Shares from the Plan reserve in such case, and
- (f) to add or change provisions relating to any form of financial assistance provided by the Corporation to Eligible Persons that would facilitate the purchase of Shares under the Plan;

provided, however, that:

- (g) no such amendment of the Plan may be made without the consent of each affected Optionee if such amendment would adversely affect the rights of such affected Optionee under the Plan; and
- (h) shareholder approval shall be obtained in accordance with the requirements of the Toronto Stock Exchange for any amendment that results in
 - (i) an increase in the percentage or the number of Shares issuable under Options granted pursuant to the Plan;
 - (ii) a reduction in the exercise price of an Option granted to an Insider (other than pursuant to Section 7 hereof);
 - (iii) the cancellation and reissue of any Options;
 - (iv) an extension of the term of an Option granted under the Plan benefiting an Insider; or
 - (v) Options becoming transferable or assignable other than for estate settlement purposes as described in Section 4.1 hereof.

For greater certainty it is acknowledged that if the Shares are listed for trading on The Toronto Stock Exchange, any amendment to the Plan or any amendment to any Option granted under the Plan requires the prior approval of The Toronto Stock Exchange.

11. TERMINATION OF THE PLAN

- 11.1 The Plan may be abandoned or terminated in whole or in part at any time by the Board of Directors, except with respect to any Options then outstanding under the Plan.

12. ADMINISTRATION OF THE PLAN

- 12.1 Within the foregoing limitations, the Board of Directors is authorized to provide for the grant and exercise of Options on such terms (which may vary as between Options) as it shall determine. All decisions and interpretations made by the Board of Directors shall be binding and conclusive on the Corporation and on all persons eligible to participate in the Plan. No member of the Board of Directors shall be liable for any action taken or for any determination made in good faith in the administration, interpretation, construction or application of the Plan.

13. TAX WITHHOLDING

- 13.1 The Corporation may withhold from any amount payable to an Optionee, either under this Plan or otherwise, such amount as it reasonably believes is necessary to enable the Corporation to comply with the applicable requirements of any federal, provincial, state or local law, or any administrative policy of any applicable tax authority, relating to the withholding of tax or any other required deductions with respect to Options (“**Withholding Obligations**”). The Corporation may also satisfy any liability for any such Withholding Obligations, on such terms and conditions as the Corporation may determine in its discretion, by (a) requiring an Optionee, as a condition to the exercise of any Options, to make such arrangements as the Corporation may require so that the Corporation can satisfy such Withholding Obligations including, without limitation, requiring the Optionee to remit to the Corporation in advance, or reimburse the Corporation for, any such Withholding Obligations; or (b) selling on the Optionee’s behalf, or requiring the Optionee to sell, any Shares acquired by the Optionee under the Plan, or retaining any amount which would otherwise be payable to the Optionee in connection with any such sale.

14. EFFECTIVE DATE AND NECESSARY APPROVALS

- 14.1 The obligations of the Corporation to sell and deliver Shares on the exercise of the Options is subject to the approval of any securities authorities or stock exchanges on which the Shares of the Corporation are listed for trading which may be required in connection with the authorization, issuance or sale of such Shares by the Corporation.
- 14.2 Subject to the provisions of this Plan, an Option granted under this plan shall be exercisable (from time to time as provided in Section 3 hereof) by the Optionee (or his personal representatives or legatees) giving notice in writing to the Corporation at its head office in Vancouver, British Columbia, addressed to its Secretary, which notice shall specify the number of Common Shares in respect of which the Option is being exercised and shall be accompanied by full payment, by cash or certified cheque made payable to the Corporation, of the exercise price for the number of Shares specified in the notice, including any amounts payable with respect to any Withholding Obligations.
- 14.3 Upon such exercise of the Option, the Corporation shall forthwith cause the transfer agent and registrar of the Common Shares of the Corporation to deliver to the Optionee (or his personal representatives or legatees) a certificate in the name of the Optionee representing in the aggregate such number of Shares as the Optionee (or his personal representatives or legatees) shall have then paid for and as are specified in such written notice of exercise of Option within ten (10) days following receipt of the notice by the Corporation.
- 14.4 Nothing herein contained or done pursuant hereto shall obligate the Optionee to purchase and pay for any Shares except those Shares in respect of which the Optionee has exercised the Option in the manner herein provided.
